OX CART/TRINE

8 March 1968

MEMORANDUM FOR: Deputy Director for Science and Technology

OX CART Mission BX6856 was flown on 8 March 1968 against targets of interest in the DMZ area, North Vietnam and the Cambodian/Laotian border of South Vietnam. This was the twenty-eighth mission to date.

Aircraft departed Kadena AB at 0226Z. Mission duration was four hours and one minute. Recovery at Kadena AB was normal.

[REDACTED] Pilot reported weather was generally good South of the DMZ but poor over the DMZ and North Vietnam. Excellent photography of the Cambodian/Laotian border of South Vietnam including Khe Sanh is expected. DMZ coverage is not certain at this time.
